

## User Manual

The User can either be a Seller or Buyer. For both the purposes they user has to first signup and then register themselves.

**Url:** <http://192.168.3.41>  
<http://192.168.3.41:8000/>

### As a **buyer:**

For payments use:

**Card No:** 4242 4242 4242 **Date:** 03/23 **CVV :** 123 **ZIP:** 12345

### As a **seller:**

- After registering, sellers must upload a pdf containing a detailed inventory of the products they wish to sell, their prices, their personal id, contact number, government id proof and send it for approval. Until the seller does that, they cannot navigate further.
- Till the time the uploaded documents are verified, the seller cannot navigate further.
- Once the seller is verified, they can upload items to sell. The items must be uploaded very carefully, for once the item is uploaded, it cannot be edited.
- Sellers cannot buy items from the site from the same account.

## Admin Manual

This admin is responsible for:

1. Viewing and approving the seller pdfs
2. Removing users
3. Removing products
- 4.

For to exercise the powers of the admin use the

**Url:** <http://192.168.3.41/admin>  
<http://192.168.3.41:8000/admin>

Credentials of an **approved admin**, which is

**Username:** administration

**Password:** administration

## General guidelines:

In the interest of limited space please upload lightweight pdfs as a Seller (100KB) and images of about 50KB.

The overall functionality is the same as the project guideline documents and the features in the website are self explanatory.

---

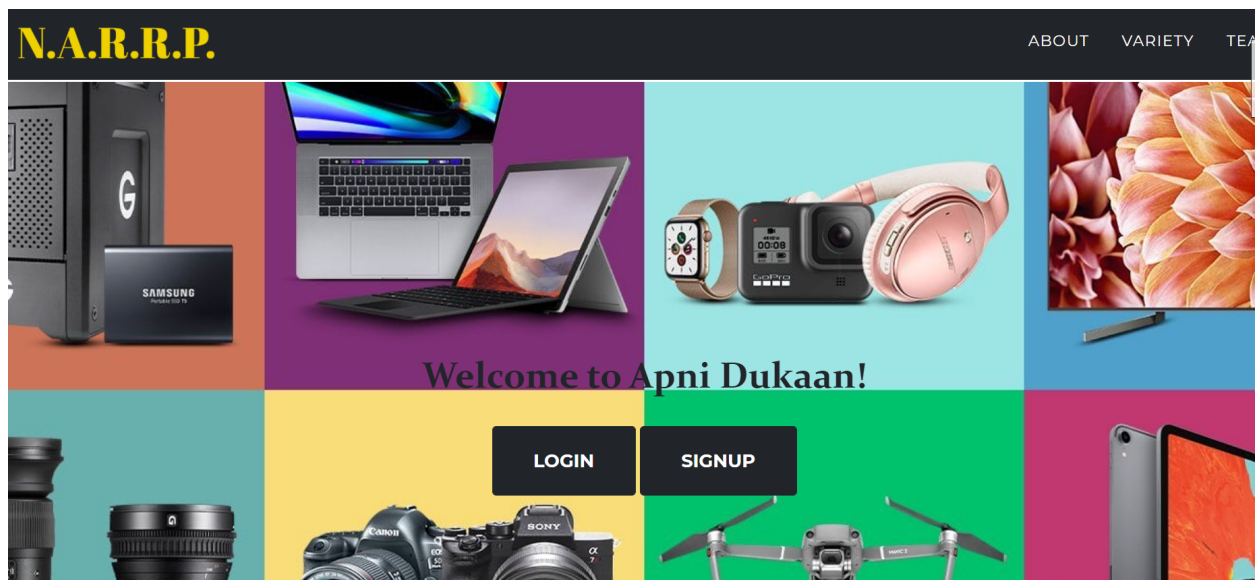

#### Assumptions and Disclaimers:

- Email and username cannot be changed once set so enter carefully.
  - Seller Items once uploaded cannot be deleted or edited by the seller .
  - Administration cannot act as a user.
  - You cannot delete sellers whose items have been ordered before, since they are profitable.
  - A seller cannot be a buyer too.
  - The administration only adds items under a verified seller.
  - Once deleted as a user, the user is remembered/blacklisted to never added as user again.
- 

#### Overall working model

##### 1. Home page for Users

- One can only signin and signup after landing on the home page
- Or view about the project and members

## 2. Login

N.A.R.R.P.
